

## Laura Spector Rustic Design

### Nocturne Night Table

*“Dreams come true; without that possibility, nature would not incite us to have them.”*  
John Updike

Sweet dreams are made of this.

With its sinuous curves and asymmetrical lines, Laura Spector’s Nocturne table brings a relaxed, lyrical glamour to the organic form.

From its hand wrought and rough hewn legs, to its scalloped edged, mirrored cabinet and Venetian glass encrusted pull out drawer; *The Nocturne* is a rhapsody of textures both rustic and refined.

The Nocturne, which comes in left and right side versions, is available by commission through the artist.
